OPINIONS:

"I had learned English during 1 semester. From these 3 points, the semester was satisfying for me. The class was comfortable. Because in the class each student had chance and time to "Speaking" and ask questions. Second is the way of procedure of class was flexible. Teachers prepared related materials for theme, for example Youtube and handout prints not only textbook. There were very helpful for thinking of it deeply, knowing background and sometimes stock of idea for academic essay through it. Finally, specialty of teaching. There had lots of ideas in each lesson. In case of new theme, how to lead our interest into it, how to proceed, and feedback and homework to settle grammar, new words and phrase. It is sure that it was good for me to improve English and to be next step for future!"

'What can I learn in your course?' you may ask. Well, one English class can give you 5-7 new words (expressions, phrases). Imagine what you can learn during 14 weeks, as this is the extent of our course, and you have the answer to your question. 'But is it fun and will I enjoy it?' some may still hesitate. Look: the classes are run by various language trainers, so there's something new almost every day. No routine, no boring language drills (well... almost none, anyway :) in a friendly and supportive learning environment. What's not to like? We do our best to keep you happy, busy and stimulated. You just need to take the first step, sign up for the course and we'll take it from here. See you soon!"
