OPINIONS:

"A two-month summer course of Polish at Lazarski University is an unforgettable experience for both teachers and students. Why? First of all, the atmosphere is very pleasant, really warm and it is not because of summer but mainly because our students together with their teachers create friendly relations and can open to the Polish language and culture, which is extremely important when they start their academic adventure in a new country. Our students appreciate the courses because of the high quality and interesting methods of teaching. Apart from standard and communicative language skills, our students learn to discuss or present their opinions in the form of presentations, which is really useful during studies and their future job. It is also a fantastic method of getting to know Polish culture during outings to museums and theatres that are planned within the courses as well as an excellent opportunity to integrate with classmates while bowling or walking with the teachers."

Agnieszka Jastrzębska, Polish language teacher

"I would like to express my thanks to the best teachers I have ever had in my life and with whom it was a real pleasure to learn a foreign language, especially at the very beginning of that. Really, the courses are the best opportunity for foreigners to learn Polish. Let me start with that the classes give you a chance to learn grammar but also how to live in Warsaw. We had many outings to museums, parks, festivals and workshops. I remember visiting the Museum of Modern Art with our teacher Ms Marlena. There were many strange exhibitions but you could understand most things and even write an essay on the impressions! Having a morning coffee with Ms Magda, one was able to understand the life of an ordinary inhabitant of the capital city, as there was a detailed answer to every question about the way of living and opportunities. Those first months in Poland gave us a lot of experience and our view on everything changed completely. For me, it was the first foreign language I have learned. It also was the first journey so far away from my hometown. But with the help of open and pleasant people, I had no time to long for my country! I recommend these courses because they give you not only knowledge but also impressions."
