

3. Corporate and Business Law

1. Module Title	Corporate and Business Law	2. Module Code	
3. Academic Year, Semester, Module Status	2021-2022 Fall semester, Full-time		
4. Aims and Learning Outcomes	<p>To provide students with the necessary law foundation, a class may first introduce them to some of the most important general principles of commercial law:</p> <ul style="list-style-type: none"> • Basic law of contracts • Basic law of business creation. <p>This course provides students with knowledge of principal problems of business and corporate law, specifically from EU member states and the United States. This course examines basic legal principles and enable students to recognize relevant issues and the legal implications of business situations. This course aims to provide students with basic knowledge about commercial law and to make them familiar with the legal requirements of starting and operating an enterprise.</p> <p>The course exam, presentations and many hypothetical (imaginary) and real-life case studies will asked students to consider are directed to achieving and measuring their achievement of these essential objectives and substantive course outcomes.</p>
